Lincoln's Reply to Greeley.

EVECTIVE MANSION, WASHINGTON, } August 22, 1562.

DEAR SIR:-I have just read yours of the 19th inst., addressed to myself through the New York Tribune. If there be in it any statements or assumptions of fact which l may know to be erroneous, I do now and here contradict them. If there be any inferences which I may believe to be falsely drawn, I do not now and here argue against them. If there be perceptible in it an important and dictatorial tone, I waive it in deference to an old friend whose heart I have always supposed to be right. As to the policy I seem to be pursuing, as you say, I have not meant to leave any one in Stella Shawls, Cashmere Shawls, &c. | doubt. I would save the union. I would save it in the shortest way under the constitution. The sooner the untional authority can be restored the sooner the union will be the union as it was. If there be those who would not save the union unless they could at the same time save slavery, I both in this country and Energie, I feel confident that do not agree with them. If there be those I can satisfy my customers in any of the most discult they could at the same time save slavery, I who would not save the union unless they could at the same time destroy slavery I do not agree with them. My paramount obect is to save the union, and not either to save or destroy slavery. It I could save the union without freeing any slaves I would do t, and if I could save it by freeing all the slaves I would do it and if I could save it by freeing some and leaving others alone, I would also do that. What I do about slavery and the colored race, I do because I believe it helps to save this union, and what I forbear I ferbear because I don't believe it would help save the union. I shall do less whenever I shall believe what I am doing hurts the cause, and I shall do more whenever I believe doing more will help the cause. I shall try to correct errors when shown to be errors, and I shall adopt new views so fast as they shall appear to be true views. I have here stated my purpose according to my view of official duty, and I intend no modification of my oftexpressed personal wish that all men, everywhere, could be free, Yours,

A. LINCOLN. NO DANGER FROM NEGRO COMPETITION WITH LABOR.-General Sickles closed a speech at Brooklyn as follows:

"Now, I have a word or two to say to my fellow-citizens, and especially to those who have hitherto don't me the honor to concur with me in my views of public affairs. In the event of the result of the war terminating in emancipation, I wish to say that men's minds should at once be disabused of any false notions they may have have conceived. The laboring men of the north need not suppose that the freed men of the south will ever interfere with or be Muslins, Inconets, Cambries, Brilliants, &c. come competitors with them in the labor market of the north. When peace should be restored, the demand for negro labor would be so increased, that all the blacks throughout the country would be attracted towards the south. He urged the people to repose the fullest confidence in the government and in the President. [Cheers for the President.] The General concluded by referring to the conduct of the war, and said that in no contest in history has success over been so uniform on the one side. 'The meeting then adjourned. The General then made a short speech upon the steps of the City Hall, telling the people what had been done inside, when loud cheers were given

for the General and the Union. DRAFTING-EXEMPTIONS.-The state law exempts from military duty, in time of war or insurrection, ministers and preachers of the gospel; licensed physicians and surgeons in practice; persons who have been discharged from military duty by any law of the state; general, field and commis-sioned officers, who shall have served as such in the militia of the state, or in any other state, and been honorably discharged; those who have done military duty for seven years; also firemen and members of book and ladder companies; judges of the supreme, circuit and county courts; clerks of courts, cities and towns; justices of the peace; sheriffs and their deputies; members of the senate and assembly; all state officers residing at the capital; also all the officers and attendants of the state lunatic asylum, public hospitals, and the state and

county prisons. A full requisition for a regiment calls for the following articles of clothing and equipments: 1015 great coats, 1015 trousers, 1015 blouses, 1015 bootees, 1015 blankets 1015 caps, 2030 shirts, 2030 drawers, 2030 stockings, 2030 great coat straps, 1015 knapsacks, 1015 haversacks, 1015 canteens 993 private coats, 340 mess pants, 68 Sibley tents, 28 wall tents, 170 common tents, one hospital tent, 161 axes with handles. 161 hatchets with bandles, 136 pickaxes with handles, 136 spades, 136 camp kettles, 20 bugles, 10 drums, 10 fifes, 10 camp col

ors, and one national color. "What are you driving at now?" asked Inck of a friend, the other day, whom he met. "We l, I have just completed a hard four years' job," said he. "What is that?" "Why, I got married yesterday. I've worked hard for it for four years, Jack."

For Sore Threat, so common among the Clergy, they are truly valuable.

For the aged and infirm, or for persons of a weak constitution—for Ministers of the Gospol, Lawyors, and all public speakers—for Book-Keepers, Tailors, Scanatrosses, Students, Artiste, and all persons leading a redentary life, they will prove truly bey felical.

As a Beverage, they are wholesome in occur, and delicious to the taste. They produce all the exhibitanting effects of Brandy or Wine, without lytoxicating; and are a valuable romety for persons addicted to excessive use of strong trink, and wish to reach from it. They are pure and entirely free from the poison contained in the adulterated Wine and Liquets with which the country is flooded.

Those Bitters not only CURE, but PREVENT Disease, and should be used by all who live in a country where the water is bad, or where Chills and Feera are provalent. Being entirely innocent and harmless, they may be given freely to Children and Infanta with impunity.

ALL KINDS OF PRINTING NEATLY EXECUTED AT THE OFFICE

Lincoln's Reply to Greeley.

EVECUTIVE MANSION, WASHINGTON, August 22, 1862. To Hon. Horace Greeley:
DEAR SIR:—I have just read yours of the 19th inst., addressed to myself through the New York Tribune. If there be in it any statements or assumptions of fact which I may know to be erroneous, I do now and here contradict them. If there be any inferences which I may believe to be falsely drawn. I do not now and here argue against them. If there be perceptible in it an important and dictatorial tone, I waive it in deference to an old friend whose heart I have always supposed to be right. As to the policy I seem to be pursuing, as you say, I have not meant to leave any one in doubt. I would save the union. I would save it in the shortest way under the constitution. The sooner the national authority can be restored the sooner the union will be the union as it was. If there be

those who would not save the union unless they could at the same time save slavery, I lo not agree with them. If there be those who would not save the union unless they could at the same time destroy slavery I do not agree with them. My paramount object is to save the union, and not either to save or destroy slavery. It I could save the union without freeing any slaves I would do it, and if I could save it by freeing all the slaves I would do it, and if I could save it by freeing some and leaving others alone, I would also do that. What I do about slavery and the colored race, I do because I believe it helps to save this union, and what I forbear I ferbear because I don't be lieve it would help save the union. I shall do less whenever I shall believe what I am doing hurts the cause, and I shall do more whenever I believe doing more will help the cause. I shall try to correct errors when shown to be errors, and I shall adopt new views so fast as they shall appear to be true views. I have here stated my pur-nose according to my view of official duty, and I intend no modification of my oftex pressed personal wish that all men, everywhere, could be free, Yours,

A. LINCOLN. No Danger from Negro Competition with Labor.—General Sickles closed a peech at Brooklyn as follows:

· Now, I have a word or two to say to my fellow-citizens, and especially to those who have hitherto done me the honor to concur with me in my views of public affairs. In the event of the result of the war terminating in emancipation, I wish to say that men's minds should at once be disabused of any false notions they may have have conceived. The laboring men of the north need not suppose that the freed men Muslins, Jaconets, Cambrics, Brilliants, &c. come competitors with them in the labor market of the north. When peace should be restored, the demand for negro labor would be so increased, that all the blacks throughout the country would be attracted towards the south. He urged the people to repose the fullest confidence in the govern ment and in the Prosident. [Cheers for the President.] The General concluded by reerring to the conduct of the war, and said that in no contest in history has success ever been so uniform on the one side. The meeting then adjourned. The General then made a short speech upon the steps of the City Hall, telling the people what had been done inside, when loud cheers were given

We understand that the Governor intends that the draft shall be by towns and cities, and not by counties, and that the basis of the draft will be the Shcriff's and Assessor's returns. All matters in dispute, in relation to the assessor's rolls or returns are to be decided by the commissioner. It will. therefore, be necessary that the returns, especially in relation to former enlistments, be carefully scrutinized. Enlistments in the old regiments should be pushed forward by those towns whose quotas are de-Conflict of Authority.

The letter of Secretary Seward to the British minister at Washington, expressing the opinion that aliens who have only declared their intention to become citizens. and have not yet taken out their "second papers," are exempt from draft, is in direct conflict with the order of Secretary Stanton directing the enrollment of such persons. Nothing seemed to be more just than that the duty of military service and the priviand privilege Secretary Seward would sepfirst declaration was made many years ago, and the completion of naturalization has been delayed for the very purpose of holdtaries will produce embarrassment at least, tion of the war, in which he is supreme unless countermanded by the President, and the decision of Mr. Seward particularly pertaining to one of the duties of his de partment, the granting of passports. How to Divide the Loyal Supporters of the Government. The Chicago Journal has a most extra-

ordinary article on the subject, " How the President ought to treat Seditious Agitators." It broaches the doctrine that those who do not approve of the method of suppressing the rebellion adopted by the administration are mischievous political wirepullers, and that those persons who urge that emancipation is necessary to put down the rabels are traitors, and should be arrested and sent to Fort Warren.

In this article it is attempted to gloss over the diabolical intent of the writer to fasten treason upon every anti slavery man by talking only of Horace Greeley and tion and laws enforced and respected Wendell Phillips, whom the Journal class. es with Mahoney and Hughes. There are some points in the characteristics of both of these men which we do not admire, and which give them a certain degree of unpopularity. It is proposed, we believe, to strike | Northwest .- Gov. zers with treason, with those who believe, (as the Journal admits,) that slavery is the cause of the war, and who as a consequence insist that it ought to be destroyed by the of the rebellion.

The difference between the Mahoney men

and the anti-slavery men is, that the fortors, withhold their personal efforts to that eud, and sympathise with the rebels in their resistance to the government, while anti slavery men are in favor of the most vigorous was for the maintenance of the government, and have volunteered by hundreds of thousands and given millions of dollars of their property to aid the administration. While many of the Mahoney men have left the north and joined the rebels in arms, and afforded them aid and comfort by gifts, sympathy and secret support, never, in no instance, has an anti-slavery man been found guilty of such an act. The latter are everywhere truly loyal and ready, as they are proving now all over the country, to make still greater sacrifices to save the republic. To say, or to insinuate in any round-about manner, that they are sediand infamous slander and falsehood; to just like home!" say that the government should put down with the strong hand those who urge emancipation as the quickest and surest method of crushing the rebellion, is to utter a doctrine fraught with disaster and ruin. Nowhere have we seen anything more likely to divide loyal men and dampen their ardor in upholding the government, than this

For any man to say, as the Journal does, that he occupies the only true ground in this emergency, and denounce as enemies of the country those who advocate a different method, is assuming a good deal. We trust it is not the organ of the government They have engaged 2000 contrabands to in this respect. When it comes to that there will be division among the loyal people, because true loyalty is not to be judged by its methods, but by its intentious .--While we claim thorough loyalty, and are willing to sacrifice all we have for the salvation of the Union, we will not submit to be judged as seditious and disloyal, by the between men-those who complacently arrogate all wisdom to themselves, because they talk flippantly and falsely of not caring a snap of their fingers for slavery, and pretend to regard anti-slavery men as just as bad as Joff. About the Draft.

We understand that the Governor intends

that the draft shall be by towns and cities, and not by counties, and that the basis of the draft will be the Sherie's and Assessor's returns. All matters in dispute, in relation to the assessor's rolls or returns are to be decided by the commissioner. It will, therefore, be necessary that the returns, especially in relation to former enlistments, be carefully scrutinized. Enlistments in the old regiments should be pushed for-

How to Divide the Loyal Supporters of the Government.

The Chicago Journal has a most extraordinary article on the subject, "How the President ought to treat Seditious Agitators." It broaches the doctrine that those who do not approve of the method of suppressing the rebellion adopted by the administration are mischievous political wirepullers, and that those persons who urgs that emancipation is necessary to put down the rabels are traitors, and should be ar rested and sent to Fort Warren.

In this article it is attempted to gloss over the diabolical intent of the writer to fasten treason upon every anti-slavery man by talking only of Horace Greeley and Wendell Phillips, whom the Journal classes with Mahoney and Hughes. There are some points in the characteristics of both of these men which we do not admire, and which give them a certain degree of unpopularity. It is proposed, we believe, to strike at all anti-slavery men through these, and take advantage of their unpopularity to throw the odium of treason upon all who think, like Robert Dele Owen, that the time has come when nothing but the emancipation of all the slaves can save the country. The Journal unfairly and maliciously class-

zers with treason, with those who believe, The Smells of Chicago and their Ef-(as the Journal admits,) that slavery is the cause of the war, and who as a consequence war power because it is the chief support of the rebellion.

The difference between the Mahoney men and the anti-slavery men is, that the for- and odors there are in the laboratory where mer are opposed to any war upon the traitors, withhold their personal efforts to that Down as far as Indiana street, the reporter end, and sympathise with the rebels in their says, "they could only see rottenness and resistance to the government, while anti-sla- filth above, and untold horrors beneath the very men are in favor of the most vigorous stagnant flood." While many of the Mahoney men have left and afforded them aid and comfort by gifts, sympathy and secret support, never, in no instance, has an anti-slavery man been found guilty of such an act. The latter are everywhere truly loyal and ready, as they are proving now all over the country, to make still greater sacrifices to save the republic. To say, or to insinuate in any round-about manner, that they are sediand infamous slander and falsehood; to just like home!" say that the government should put down with the strong hand those who urge emancipation as the quickest and surest method Extract of a letter from a member of Capt. Parker's Co., 2d Wisconsin Cavairy. of crushing the rebellion, is to utter a doctrine fraught with disaster and ruin. Nowhere have we seen anything more likely to divide loyal men and dampen their ardor in upholding the government, than this article in the Journal. For any man to say, as the Journal does,

that he occupies the only true ground in this emergency, and denounce as enemies of the country those who advocate a different method, is assuming a good deal. We trust it is not the organ of the government in this respect. When it comes to that there will be division amony the loyal people, because true loyalty is not to be judged by its methods, but by its intentions .-While we claim thorough loyalty, and are willing to sacrifice all we have for the salvation of the Union, we will not submit to be judged as seditious and disloyal, by the between men-those who completently arrogate all wisdom to themselves, because they talk flippantly and falsely of not caring a snap of their fingers for slavery, and pretend to regard anti-slavery men as just as bad as Jeff. Davis and his rebel crew.

We hope Mr. Lincoln will take no such ground as that, and we most ardently beseech him not to commence the business of arresting men for advocating more vigorous war on the traitors, the emancipation of their slaves, the faithful enforcement of the confiscation act, the weeding out of the army of pro slavery generals, and the acknowledgement of the truth patent to almost every body that it is a slaveholders rebellion, and that there is no way of ending the war but to strike at slavery, the cause

DEAR FATHER: -I have just received your kind letter, and was truly glad to hear from home. You say you want to enlist. You must not do it. You are too old. You cannot stand the fatigue attendant on the duty of a soldier, either in the cavalry or infantry.

They talk of fortifying this place as soon as possible, and then we will move down the river. New troops are arriving daily. They have engaged 2000 contrabands to work on the fortifications. Capt. It is expected there will be a grand movement down the river in a few weeks, when we have force enough, when the rebels will have to stand from under.

There have been four deaths in our company since we left Janesville. Our boys are all in good health and spirits at present with but one exception, and he is not dangerous. Much to my regret, Mr. John J. R. The Bulletin also has a report that Hon. Charles J. Ingersoll has been arrested for language used at a democratic meeting in Independence Square on Saturday night. Ingersoll was arrested by the United States deputy marshal and put under bonds to ap-

New York, Aug. 25. The Rappahannock correspondent of a Philadelphia paper states that on the morning of the 21st, the rebels opened a battery on our center, and continued vigorously to throw shot and shell for several hours. little higher up it was discovered that the enemy had during the night erected a bridge over the river. At this point a most brilliant and successful affair is reported to have occurred. In the vicinity of this bridge was one of

Sigel's batteries, on which the rebels opened a brisk fire, to which, for a time, our battery replied with spirit.

In a little while our fire slackened, and then ceased, having been apparently silenced or withdrawn. Three rebel regiments rushed across the bridge. Sigel offered no resistance. Everything seemed favorable but the scene soon changed. No sooner had they crossed than Sigel opened his battery on the bridge. The fourth shot demolished it, and at the same time a deadly fire of musketry assailed the rebels in front. Their retreat was cut off, no hope being A few shots from our battery, a charge,

and they are ours. Nearly 2,000 are said to have been cap-

tured. About 400 were killed. The enemy foiled in this, now pushed forward their forces with impetuosity, and strove to out flank Sigel by crossing at French's ford, but Pope ordered up Banks and Reno to aid Sigel. The enemy was again repulsed and moved higher up the river. How the next attempt of the enemy succeeded has

Baltimore, Aug. 25. The passenger train on the Winchester railroad, which left on Saturday afternoon for Harper's Ferry, was fired into about half between these points, by a party of 50 guerrillas. Edward Lucas, the express messenger, was severely wounded. The conductor of the train foolishly stopped it. in compliance with the orders of the gang. Four soldiers of the 1st Michigan regiment were taken prisoners. The train with its contents was then destroyed. The guerrillas then made off with their prisoners.

NEW YORK, Aug. 26. The Times' correspondent states that a ortion of McClellan's army, which embarked at Yorktown, has already arrived at Alexandria. The corps under command of Gen. Franklin embarked at Fort Monroe Friday, arriving at Alexandria to-day. It is also reported that another corps will come to the same place to morrow. In fact, appearances indicate that the entire army of the Potomac, except Gen. Porter's corps, which went to Fredericksburg last week, will make Camp California, the old camping ground situated about two and a half miles from Alexandria, a temporary rening in that direction. dezvous.

It is the opinion here that the troops now at Alexandria will, in the course of a day or two, proceed to join Pope's army. I am informed that Kearney's division, which arrived at Alexandria about the middle of last week, took part in an engagement which took place near Warrenton yester-

The Herald's Warrenton Junction correspondent says: Military critics profess to believe our forced advances to the Raidan were prematurely made. Pope's artillery is now guarding the line of the Rappahannock, and Fitz John Porter with a very heavy force joined Pope on Friday evening, and a host of regiments have joined and are joining him by way of Alexandria. We look for the grand move ments of the war within thirty days. Do not forget that there has been amassed a large army at Fredericksburg, and Pope is nearly or quite as strong as Lee and Jack-son, and McClellan is freed from the uet which held him in its meshes on the penin-

CLIFTON HOUSE, C. W., Aug. 26. The gentleman supposed to be Yancey, who arrived here the other day in a dirty disguise, was not Yancey, but George N. Col. Woodward's horse was killed under him, and his saddle and pistol are now in our possession. The rebels sent a flag of truce previous to the attack, demanding the surrender. The question was put by the officer, and every man voted no. The enemy's force consisted of 460 infantry, 335 caval ry, and two field pieces. The fort was un-der command of Major Hart, with four

The Gazette's Frankfort dispatch says an arrival from the mountains brings more cheering news. Gen. AFTERNOON DISPATCHES.

Sr. PAUL, Aug. 26. The last heard from Fort Ridgley, two o'clock Thursday, when the commanding officer intimated that he could not hold out much longer. They have been attacked almost every hour, and with continued losses in killed and wounded. The condition of the garrison must be lamentable indeed. In the fort are several well-known gentlemen. Among them are Major Galbraith, Major Hatch, and G. C. Ramsey, brother of the governor. The latest from New Cim is to nine

o'clock Saturday night, when the village was mostly burned by the savages.

An arrival from Crow Wing district, brings intelligence that Hole in the Day, the great Chippewa chief, had issued a proclamation that he would not be responsible for the conduct of the Indians after Tuesday, and warning all white settlers to leave the country before that time. A messen-came from Hole in the Day, to Commissioner Dole, asking that he should come up at once, accompanied by Judge Cooper, and

be would make a treaty.

It is satisfactorily determined that Mr.
Walker, the Chippewa agent, has been accused of complaint with the Chippewas, and arrivals here report that his body was found about three miles south of Monticel lo, in Wright county, about eighty rods from the road. He was shot through the right side, and his vest around the wound considerably burned by the powder, and a pistol was found near him. There is no doubt he committed suicide,

and the general impression is that he became insane through tear of the Indians. He left St. Cloud Friday, driving rapidly, saying to several persons on the way that there were five hundred Indians after him with the intention of killing him. This Chippews difficulty, following close on the Sioux raid, has greatly alarmed people in the northern part of the state. They are making earnest application for military pro-Dispatches were received, yesterday, from

LETTERS FROM FORT RIDGELY.

FORT RIDGELY, August 20. We are here in the fort all safe. Kennedy (Mr. D's trader) came in last night, having walked over seventy miles in the last twenty-four hours. The Iudians commenced the massacre on Tuesday morning. Kennedy was warned by an Indian half-breed, and had barely time to escape on foot. He saw them break into our store All of the white people at the Upper Agency (Yellow Medicine) had congregated in the warehouse, among whom was Major Galbraith's wife and children, Mr. Sinks and wife, all of whom have long before this been massacred by the savages. Kennedy knew nothing of Riley Rider, (at Big Stone Lake) but thinks there is a slight hope that he may have been warned in season to make his escape. I wrote you yesterday that we had been

reinforced from Company U by fifty men. Last evening we had fifty more, with Major Galbraith, of St. Peters, which so strengthened us now that we don't fear the Indians We are all of us soldiers; our party with Charley are posted in the warehouse, which is built of stone. We have armed ourselves well with guns, and hatchets, and are determined to fight to the last.

Last evening we saw some Indians run into a piece of woods about a mile off. We brought out a connon, and threw four shells among them, which made them yell and skedaddle. They have here at the Fort a large brass piece and two howitzers, with plenty of shell, round and cannister shot, and if they should make an attack in the day time, we can blow them to atoms. I cannot write you the particulars of this

affair. My heart sickens as I think of it. One case I will relate, that of Dr. Humphrey and family. He and his wife and three children saw what was going on, started and fled, but were pursued and overtaken at a house into which they all ran, except a little boy who is now here, who ran into the bushes and escaped. He saw them shoot his father before he got to the door. They attacked the house and burned it to the ground, with all that were in it. This boy lay concealed in the bushes until the company of soldiers (that I wrote you yes-terday were so badly cut up) came up, when he joined them, and was with them through this fight, when the balls flew like hail. This boy is a relative of William M. Ames. We will send him to St. Paul. We have discovered some Indians, whom we are going to shell. I must stop and see the sport.

J. H. FRENCH, (A. M. CARTER,) W. A. NORTON, THE BATTERY .- We learn from Mr. Beetle that the boys of the 12th Battery, Lieut.

Harlow, were mustered into service at Madison to day. Only two of them were rejected on examination. They were, Mr. Palmer, who recently dislocated his shoulder, and A. D. Griswold, who had a tendency to heart disease. The company was highly complimented by the state officers and military men. They were entertained in superb style by Dutcher, of the Capital House, who did his best (which is good enough) to make everything agreeable. The boys are in fine spirits, and will be at home to night at one o'clack. To morrow two guns will be sent to them, and an officer has been detailed to drill them in this city.

den, from Philadelphia, specimens of the au25dawtt new 50 and 25 cent postage currency. In his letter Mr. Holden says the demand for them is very great, and their circulation is having the effect of bringing silver change from its hiding places. They are beautiful in design and execution, and will be popular when they get into this section of the country. The 5 and 10 cent stamps have not been issued yet. This remembrance of Mr. Holden is timely and acceptable, and if he shall chance to collect more than he knows how to use, he may make an unlimited addition to those already sent. [

Another Contribution from Mr. Hol-

DEN .-- We received to day from W. W. Hol-

Mone Testimony .- The slander of the New York Times upon the gallant Wisconsin Third is being thoroughly refuted by the statements of all sober men who were present at or in the vicinity of the battle of Cedar Mountain. Thus the correspondent of the Boston Congregationalist, who is the chaplain of the 2d Massachusetts, and was in the fight, in an account of the recent battle, alludes to the 3d Wisconsin as being "as gallant a regiment as there is in the service, the statements of some liar in the New York papers to the contrary notwithstanding."

MINORITY REPORT .- We are in receipt of a copy of the report of the minority of the investigating committee into the disposition of the war fund, the majority report of which was made at the close of the last special session of the legislature. The Milwaukee Sentinel says of it: "If there is any respect left in the community for the majority of that committee, or any confidence remaining in the statements made by it, this minority report will most effectually dissipate it. The unfairness of that com. mittee, the partisan character of its labors, and the lack of truth and total unreliability of its report, are completely exposed by this minority document."

A CHANGE.—The pressure of business in the U.S. Quartermaster's office at Chicago, which has had charge of the supply of military stores to two or three of the Northwestern States-having become too great for any one man to stand, Capt. Potter has been relieved from the care of affairs in Wisconsin and Capt. Hiram Smith assigned to duty here.

The Orpheus C. Kerr letters have been collected and published in a volume sold for \$1. They are among the most readable papers the war has produced.

A GOOD MAN VINDICATED,-Col. H. E. Paine, of the 4th Wisconsin regiment, succeeds Gen. Williams in command of the federal forces at Baton Rouge. That "time at last sets all things even" in abundantly shown in this particular instance. Col. Paine, once a prisoner of Gon. Williams, is now the successor of his late commander, and enjoys not only the confidence of a loyal people but of the army he is called to command, while the contemned "abolition" Wisconsin regiment is relieved from the persecutions and insults of a slavery-loving general. The right prevails at last.

"TENDER MERCIES OF THE WICKED."-Prisoners released from Saliebury, N. C., say that Lieut. H. C. Spencer, of the 3d Wisconsin, captured at Winchester, died because the rebels would not permit him to have medicine. A committee of his fellow prisoners solicited from the officer in charge the privilege of purchasing a coslin, and giving the deceased a decent burial, He replied that the man was an enemy, and should never have a funeral. The corpse was taken out by a negro, who was sent for it, and buried in the yard.

The Baltimore city government have discharged all its employees who refused to take the oath of allegiance. Who would have expected this of Baltitoore fifteen months ago?

NEWSPAPERHICHIVE®.

DIED IN PRISON,-Lieut, H. C. Spencer, of company B, 3d regiment, from Oshkosh, who was taken prisoner during Banks' retreat down the valley of the Shenandoah, died in prison at Salisbury, N. C., on the 3d of July. SCROEONS .- James Prentice, of Portage,

and assistant of the 23d regiment. Corporal E. R. Rider, of this city, 5th regiment, was among the sick and

wounded soldiers who arrived in New York from James river last Wednesday.

The Blood is the Life.—No more shall the poor sufferers in our country languish, their constitutions racked and torn by strong and dangerous mineral medicines; they will come to the fountain of health, found in simple herbs and roots from nature's storehouse. THE MOUNTAIN HERB PILLS, of innocent mountain plants composed, will reach and stop their distress, and cause the blood, renewed and cleansed, to carry through the body the elements of health; tuilding up the broken constitution, and carrying life and health, where but for them would have been the wrock of hope—the feeble mean of suffering, at last ended by the cold hand of death. Do not let prejudice overcome your better reason; do not look upon these Pilis as only like others; do not let your despair, after trying everything else, prevent you from trying these. The blood must be pure, and then sickness is impossible. What a great and yet simple truth is this it appeals to the common sense of all; it is the great key-stone of the healing art. JUDSON'S MOUNTAIN HERB PILLS will purify and cleanse it as sure as the sun will rise to

Mr. Wm. T. Cutter, Jr., Learnate, Ky:—

Dran Sin:—The great difficulty experienced in procuring Brandy sufficiently pure for medicinal purposes, has induced many of the physicians of this viently to adopt Bourbon Whisky as a su stitute, both in the hospitals and private practice; and, since the latter has come into such general use, we have reason to believe that a great deal now sold is of very inferior quality.

Premining that your readence in the vicinity of the manufacturers of Whisky in Kentucky, as well as your skill as a chemist, will enable you to select a reliable article, and having full confidence in your integrity, we are led to enquire whether you will not aid ust in having this market supplied, through an Agency, with the last quality of Fure Old Bourbon Whitky for the use of the sick. We are, very respectful y, sir, yours truly, VALENTINE MOTT, M. D., WILLARD PARRER, M. D., JNO. O. HUTCHELD, M. D., AUSTIN FILINT, M. D., O. L. WITCHELD, M. D., PRANGIS H. HAMILTON, M. D., DEWITT C. A. M. CARTER, | County Committee.
W. A. NORTON, | THE BATTERY .- We learn from Mr. Bee-

tle that the boys of the 12th Battery, Lieut. Harlow, were mustered into service at Madison to day. Only two of them were rejected on examination. They were, Mr. Palmer, who recently dislocated his shoulder, and A. D. Griswold, who had a tendency to heart disease. The company was highly complimented by the state officers and military men. They were entertained in superb style by Dutcher, of the Capital House, who did his best (which is good enough) to make everything agreeable. The boys are in fine spirits, and will be at home to night at one o'clock. To morrow two guns will be sent to them, and an officer has been detailed to drill them in this

Another Contribution From Mr. Hol-DEF .- We received to-day from W. W. Holden, from Philadelphia, specimens of the new 50 and 25 cent postage currency. In his letter Mr. Holden says the demand for them is very great, and their circulation is having the effect of bringing silver change from its hiding places. They are beautiful in design and execution, and will be popular when they get into this section of the country. The 5 and 10 cent stamps have not been issued yet. This remembrance of Mr. Holden is timely and acceptable, and if he shall chance to collect more than he knows how to use, he may make an onlimited addition to those already sent.

MORE TESTIMONY .- The slander of the New York Times upon the gallant Wisconsin Third is being thoroughly refuted by the statements of all sober men who were present at or in the vicinity of the battle of Cedar Mountain. Thus the correspondent of the Boston Congregationalist, who is the chaplain of the 2d Massachusetts, and was in the fight, in an account of the recent battle, alindes to the 3d Wisconsin as being "as gallant a regiment as there is in the service, the statements of some liar in the New York papers to the contrary notwith-

MINORITY REPORT .- We are in receipt of a copy of the report of the minority of JANESVILLE, WISCONSIN the investigating committee into the disposition of the war fund, the majority report of which was made at the close of the last epecial session of the legislature. The Milwaukee Sentinel says of it: "If there is any respect left in the community for the Man. E. S. ANDERSON, Principal. majority of that committee, or any confidence remaining in the statements made by it, this minority report will most effectually dissipate it. The unfairness of that com. mittee, the partisan character of its labors, and the lack of truth and total unreliability of its report, are completely exposed by this minority document."

A CHANGE.—The pressure of business in the U. S. Quartermaster's office at Chi- Sewing Machines. cago, which has had charge of the supply of military stores to two or three of the Northwestern States-having become too great for any one man to stand, Capt. Potter has been relieved from the care of affairs in Wisconsin and Capt. Hiram Smith assigned to duty here.

The Orpheus C. Kerr letters have been collected and published in a volume sold for \$1. They are among the most readable papers the war has produced.

A GOOD MAN VINDICATED .-- Col. H. E. Paine, of the 4th Wisconsin regiment, succeeds Gen. Williams in command of the federal forces at Baton Rouge. That "time at last sets all things even" is abundantly shown in this particular instance. Col. Paine, once a prisoner of Gen. Williams, is now the successor of his late commander, and enjoys not only the confidence of a loyal people but of the army he is called to command, while the contemned "abolition" Wisconsin regiment is relieved from the persecutions and insults of a slavery-loving general. The right prevails at last.

"TENDER MERCIES OF THE WICKED."-Prisoners released from Salisbury, N. C., say that Lieut. H. C. Spencer, of the 3d Wisconsin, captured at Winchester, died because the rebels would not permit him to have medicine. A committee of his fellow prisoners solicited from the officer in charge the privilege of purchasing a coffin, and giving the deceased a decent burial, He replied that the man was an enemy, and should never have a funeral. The corpse was taken out by a negro, who was sent for it, and buried in the yard.

The Baltimore city government have discharged all its employees who refused to take the oath of allegiance. Who would have expected this of Baltimore fifteen

The Blood is the Life .- No more shall the oor sufferers in our country languish, their constitu-ions cacked and torn by trong and dangarous inhoral nedicines; they will come to the fountain of health. medicines; they will come to the fountain of health, found in simple berbs and roots from unture's storehouse. THE MOUNTAIN HERB FILLS, of innocent mountain plants composed, will reach and stop their distress, and cause the blood, ronewed and stop their distress, and cause the blood, ronewed and stop their carry through the body the elements of health; tulking up the brokon constitution, and carrying life and health, where but for them would have been the wrock of hope—the feeble mean of suffering, at last ended by the cold hand of desth. Do not let prejudice evercome your better reason; do not look upon these Fills as only like others; do not let your despair, after trying everything else, prevent you from trying those. The blood must be pure, and then sickness is impossible. What a great and yet simple truth is this! it appears to the healing art. JUDSON'S MOUNTAIN HERB FILLS wil purify and cleanse it as sure as the sun will rise to morrow. Judson's Mountain Herb Fills are sold by all Medicine lealers. sul6daw4w

Mr. Wm. T. Chiter, Jr., Ludwide, Ky:

Dear Six—The great difficulty experienced in procuring Brandy sufficiently pure for medicinal purposes, nas induces many of the physicians of this vicinity to adopt Bourbon Whishy as a ten stitute, bad in the hospitals and private practice; and, since the latter has come into such general use, we have reason to believe that a great deal now sold is of very interior quality.

Presuming that your readence in the vicinity of the manufacturers of Whisky in Kentucky, as well as your skill as a chemist, will enable you to select a reliable article, and having full confidence in your integrity, we are led to enquire whether you will not aid us in having this market supplied, through an Agency, with the best quality of Fure Old Bourkon Whileky for the use of the sick. We are, very respectfully, sir, yours truly, Valkentine MOTT, II. P.

The metal in them, from the iron casting to the smallest piece, is of poor quality. Their makers have not the means to detheir work well

Their makers have not the means to detheir work well. They are hid away in secret places, where it would be impossible to have at their command the proper mechanical appliances. It is only by doing a great business, and having extensive manufacturing establishments, that good machines can be made at moderate prices. The next designed machines, liadly Made, are always liable to get out of order, and are sure to cost considerable trouble and money to keep them in repair. The qualities to be looked for in a machine are: certainty of correct action at all rates of speed, rimplicity of contraction, great durability and rapidity of operation, with the least labor. Machines to combine these essential qualities, must be made of the best metal and finish. REAT VICTORIA BRIDGE OPEA.

This immense from structure, nearly two miles in length, (the longest in the world.) erected across the river St. Lawrence, at Montreal, at a cost of six and a half millions of dollars, to connect the eastern and 1,100 miles in length, is operated under one management from Detroit, Mich., to Pertland, Me., and there is only ONE CHANGE OF CARS from Chicago or the tial qualities, must be made of the best metal and finish ed to perfection. We have the ways and means, on a grand scale, to do this.

The purchasers of machines, whose daily bread i may concern, will find that those having the above qualities not only work well at rapid as well as slow rates of speed, but last long in the finest possible working order. Our machines, as made by us, will earn more money with less labor than any others, whether Canada and New England. Passengers and freight booked through to all parts of Canada and the New

We have made the above Reduction in Prices with the two feld view of benefitting the public and excises the public have been swindled by spurious machines made in imitation of ours. The metal in them, from the iron casting to the smallest piece, is of poor quality. Their makers have not the means to do their work well. They are hid away in secret places, where it would be impossible to have at their command the proper mechanical appliances. It is only by doing a great business, and having extensive manufacturing satabilishments, that good machines can be made at moderate prices. The best designed machines, Badly Made, are always itable to got out of order, and are sure to cost considerable trouble and money to keep them in repair. The qualities to be locked for in a machine are: certainly of correct action at altracts of speed, simplicity of contraction, great durability and rapidity of operation, with the least labor. Machines to combine these essential qualities, must be made of the best metal and initial disparation. We have the ways and means, on a grand scale, to do this.
